

TEST OF OPINION RESULT: MAJORITY OF HOUSEHOLDS IN FAVOUR OF PROPOSALS!

Thank you to everyone who engaged with us over the past few weeks during the Test of Opinion period.

We are pleased to share that 221 households (67% turnout) participated in the Test of Opinion, with 78% of participants in favour of our revised proposals for Barnsbury.

During this period, we knocked on doors and delivered the Test of Opinion bulletin, which contained all the information you needed. We had some great conversations with residents about the plans for Barnsbury, and we value all the feedback you gave us.

As well as door-knocking, Newlon and Mount Anvil were available at the community centre, offering free hot drinks and sweet treats for you to enjoy while asking any questions you had. It was wonderful to see so many of you drop in and say hello, and we hope you enjoyed your drink!

We also held two consultations, on the 6th and 8th of February, where we shared the latest updates to the New Barnsbury proposals, and attendees could discuss them with the project team ahead of us submitting a planning application to Islington Council. These consultations were attended by 37 people, and as always, we welcomed all feedback and questions about the development. It's not too late feedback; you can still share your views using the Better Barnsbury website.

Following the Test of Opinion and consultations, the next steps are to submit a new planning application to Islington Council with our final design. We will share an updated timeline as soon as we have firm dates.

78%

in favour of our proposals

COMING SOON

SITE & COMMUNITY TOURS

As requested by you, we will also be hosting more site tours of some of our other Mount Anvil developments and community centres. More details, including dates and times, will follow soon. We will provide transport to and from each site visit.

HOARDING

We will be unveiling details about the upcoming plans for creating the hoarding artwork. We are keen to gather input from as many of you as possible to help shape the design and ensure that the hoarding truly reflects the community at Barnsbury.

NEW MUGA DESIGN

We will also be sharing initial design ideas for the Multi-Use Games Area (MUGA) and we want your feedback on these too. Full details on these projects will be sent to you soon. We really encourage you, your families, and your friends from the Barnsbury Estate to get involved in shaping the hoarding and MUGA spaces so that they best reflect your community.

CONSTRUCTION DROP INS

Once we have more certainty around dates, we will reinstate the construction drop-in sessions at the Barnsbury Community Centre. These sessions will give you the opportunity to speak with the Mount Anvil team about the build programme and ask any questions. Full details will follow.

BASKETBALL SESSIONS

We held two basketball sessions on the 8th and 15th of February, run by a coach from the London Lions. These sessions included shooting, passing, and dribbling drills, and the kids had the chance to put their new skills into action with a game at the end. We're excited to share that we will be holding further sessions for you to get involved in! More details on these sessions will be available soon.
